

**International Conference on
“Endocrine Disrupting Chemicals (EDCs): Past Experiences,
Present Scenario and Future Approaches”
At
ICMR-National Institute of Nutrition, Hyderabad, India
On 13th and 14th December 2018**

POSTER SESSION

This Conference would be useful to the Medical College Students/ Ph.D. Scholars/ Junior Doctors representing various Medical Colleges/ Academic Institutions who are working in this area. A poster session is also being organized for the benefit of the students and to encourage their active participation. Registration form for participation in the Conference is available on the website www.ninindia.org.

Payment of Registration Fee is accepted only through demand draft and there is no online registration.

Only registered delegates are eligible for presentation of posters relevant to the theme of the Conference.

Registered Delegates who intend to participate in the Poster Session have to send the details of their Name, Designation, Organization, Area of Research Work and proposed title of their presentation to the Organizing Secretary at the following address for the consent of the Scientific Committee. The acceptance of the poster presentation will be communicated to the respective delegates along with guidelines for poster presentation.

Address for communication:

Dr. J. Padmaja
