National Institute of Electronics and Information Technology (NIELIT)
(An ISO 9001 : 2008 Certified Organisation)

इलेक्ट्रॉनिकी और सूचना प्रौद्योगिकी मंत्रालय, भारत सरकार
Ministry of Electronics and Information Technology, Government of India

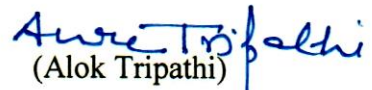

Public Notice

Being a certification body, NIELIT is awarding certificates to the students under different non-formal courses (O/A/B/C level and DLC Courses). Under the category of DLC courses like BCC, CCC/CCC+ and ECC, there is one course namely ACC (Awareness in Computer Course) for which no assessment/examination has been conducted and the issuance of certificate is only on the submission of an affidavit mentioning participation of course. Currently, NIELIT is charging ACC Registration and Participation Certification fee as Rs. 200/- +GST(as applicable).

As ACC is the subset of BCC, it was decided after due deliberations by the Competent Authority with the approval of Academic Advisory Committee that the conduction of examination for Awareness in Computer Concepts (ACC) course should be there as similar as in which Basic Computer Course (BCC) examination is conducted i.e. Remote Proctored Mode.

Hence, from 1st January, 2023, the Registration for examinations for Awareness in Computer Concepts (ACC) shall begin on NIELIT's student portal (<https://student.nielit.gov.in>). The registration-cum-examination fees shall be ₹ 250 (plus taxes as applicable) from 1st January, 2023. The direct candidates can also register themselves and can appear for exam.

Candidates who will register for Awareness in Computer Concepts (ACC) up to 31st December 2022 shall be issued certificates as per participation only.

(Alok Tripathi)

Chief Controller of Examination
